

Midterm Review

Michael Kazhdan
(600.357 / 600.457)

Midterm

Content:

Everything that we have covered up to this point:

- Image Processing
- Sampling
- Ray-Casting/Tracing
- Illumination
- Clipping
- Texture Mapping
- Radiosity

Wang Tiles will not be on the midterm!

Midterm

Format:

- Short answer questions only.
- No essays.
- No True/False
- No multiple choice

Midterm

Goal:

To determine how well you understand the material presented in class:

- “What are the limitations of method X?”
- “Compare method X to method Y”.
- “What are some properties of method X?”
- “How would you solve problem X?”

Midterm

Breakdown:

Six Sections:

- Image Processing
- Sampling
- Ray Tracing
- Illumination
- Texture Mapping
- Miscellany
