

WSE PhD Student Funding Plan

Student Name: _____ Student Hopkins ID: _____

Department: _____ Entry Term: _____

Responsible Advisor (s): _____ Faculty Banking Balance: _____

The goal of this form is to lay out a basic plan for funding so that when a student is admitted there is a high probability, *not a certainty*, that we know from where the funding for the student support will come.

Plans to submit proposals, put students up for fellowships, etc. are all acceptable to include as part of the plan.

Department/Advisor Responsibility after Dean's funding has been approved and applied:

Annual Support for FT PhD Students*

Stipend	Tuition	Health
\$52,000* (minimum)	Balance <i>after</i> any Dean's support*: <i>YR1: Dean= 100%</i> <i>YRS 2-6: Dean=80%</i> <i>YR7+: Dean= 60%</i>	\$1800* (approx.)

**Proposed based on AY 2025-2026 numbers; subject to change in future academic years.*
