CONFERENCE PRESENTATION:

Regular presentations will be allotted a 25-minute talk and up to 10 pages in the proceedings. This format is intended for contributions reporting original research, submitted exclusively to this conference.

Brief announcements will be allotted a 10-minute talk and a two-page abstract in the proceedings. This format is a forum for brief communications, which may be published later in other conferences.

Every regular paper is eligible for the **best paper award**. The program committee may decline to make this award or may split the award among multiple papers.

SUBMISSIONS: Authors of contributed papers are encouraged to submit their manuscript electronically. To submit electronically, visit <http://www.spaa-conference.org> for instructions. *This is the preferred method of submission.* Authors unable to submit electronically should contact the program chair Peter Sanders at sanders@kit.edu to receive instructions.

Submitted manuscripts may not exceed ten (10) single-spaced double-column pages for regular papers and two (2) single-spaced double-column pages for brief announcements, using 10-point size font on 8.5x11 inch pages, including figures, tables, and references. See <http://www.acm.org/sigs/publications/proceedings-templates> (Option 2) for details, including the sig-alternate.cls style file and a sample file. Additional details may be added in a clearly marked appendix that will be read at the discretion of the program committee. Please indicate in the title of your manuscript whether this is a regular paper or a brief announcement. If requested by the authors, a manuscript that is not selected as a regular paper will also be considered for the SPAA brief announcements. Such a request will not affect the chances of the manuscript to be accepted as a regular paper.
